PSYCHOLOGY AND RELIGION LECTURES PROVE POPULAR

By JOHN MATSUMURA

Those who are not attending the course of lectures on Psychology and Religion given by Rev. Albert W. Palmer, pastor of Central Union Church, at the University every Thursday noon, are missing something extremely important and valuable, something which they cannot get from the regular courses of the University or from mere reading.

Next week Thursday the course will be resumed and will continue for three weeks. So, anyone who, for one reason or another, has not been able to hear Rev. Palmer, need not despair.

The lectures given by Dr. Palmer deal with psychology in everyday life and its relation with religion. They are very interesting and instructive. At the close of each lecture, an opportunity for asking questions is given to clear up any misunderstanding or doubt. This alone is very helpful, and makes the lecture worth while attending. The average attendance for the four meetings so far is 30.

Following are the subjects of the last four lectures:

1. Why People Are So.
2. Our Instincts—Are They To Be Repressed or Given Free Reign?
3. Facts and Fancies About the Subconscious Mind.
4. Values and Limitations of Suggestions.

In all his talks, Rev. Palmer tries to assemble the latest scientific facts and theories regarding the topics under discussion, present views from all angles, and in the light of them give interpretations which he thinks are correct and sound. The lectures are in this way made extremely interesting and valuable.

Although the topics of the next three lectures have not yet been definitely announced, it is very likely that Mr. Palmer will include auto-suggestion, mental complexes, and psycho-analysis in his talks. These are much discussed questions at the present time, and University students should know something about them.

The course of lectures, which is given under the auspices of the University Y. M. C. A., is open to all men and women of the University. The lectures begin promptly at 12:15 and close at 1:00 p. m., in room 117, Hawaii hall.

PREP. SCHOOL DANCE

A committee to plan for the annual dance given to the seniors of the high schools, is to be appointed by Merlyn Forbes '24, acting President of the A.S.U.H., according to the decision of the Executive committee at its meeting Monday.

This dance is given every year by the A. S. U. H. Its purpose is to interest the graduating classes of the high schools in the University. Last year the dance was held on the twenty-ninth of April.

All details concerning the committee were left to the discretion of the acting President. As yet the number to be appointed, and their names, are not known. This committee will also set the date for the dance.

A theatre party was given by Theta Alpha Phi at the Hawaii theatre Wednesday for the members and friends of the chapter.

"University Policies" Theme of Discussion at Student Conference

Meeting Expected To Result in Solution of Many Problems Confronting Student Body

"University Policies" is the main theme of discussion at the Annual Students' Conference to be held at the Fresh Air Camp, Waialua, April 13 to 15. Discussion will be divided into four topics and "thrashed out thoroughly" by the different groups. Then toward the end of the conference the four groups will come together in an effort to reach some definite conclusions.

Yasuo Goto '24 and Addison Kinney '26 are distributing registration cards to those who wish to attend. The total expense will be about \$3.75.

The question of K. P. duty was definitely settled when Edward Kam '26 consented to act as chief cook throughout the conference. He has had experience in this line as cook for the Boys' Working Reserve, 1917-18, and promises to give satisfaction as far as food is concerned.

Private cars will be used for most of the transporting, thus reducing the traveling expenses.

Rev. A. W. Palmer will be at the conference Friday evening. His subject is along the general thought of life purposes, bringing out the idea that such a conference is a good place for discussing a question of that kind. Doctor Palmer will remain at Waialua with the students Friday night, and will return to town early Saturday morning.

Baseball, volleyball and water polo are some of the sports suggested for the diversion of those on the conference. These games will be played by teams made up of the people in the conference. It is expected that many other pastimes will be indulged in.

A new system is being followed at the conference this year. Those who attend will be divided into small groups with perhaps ten in a group. These will discuss certain types of problems, such as life work problems, and fundamental or religious problems. When the small groups have studied every phase of their questions, the questions will be put before the entire conference. Saturday is expected to be the biggest day for the discussions.

Doctors Dean, Andrews, Leebrick and Adams are wanted for leaders of the various groups, though it is not yet clear that they can go. Professors who have classes Saturday morning may have some difficulty in getting to Waialua. The present plan seems to be to have professors lead the discussions this year instead of students as was done last time.

"We have no eye on numbers," Dwight Rugh declares, "we want to get the fellows who are most interested in this conference. We want all who are interested."

TICKET SALES ARE ENCOURAGING, SAYS MANAGER CLARK

"We expect to clear expenses and to make some profit," Montgomery Clark '26, business manager for the Dramatic club, declared Monday afternoon in commenting upon the sale of tickets for "Mr. Pim Passes By," which the Dramatic club is presenting at the Hawaii theatre Friday and Saturday evenings.

Three-fourths of the downstairs seats have been sold for both nights, the business manager states. He believes that this is enough to pay expenses, and that anything more will be profit. Some \$500 have been turned in to Clark, who says that he will not know exactly how many tickets have been sold, for several days to come.

The arrangement with the Hawaii theatre is that they will receive half the proceeds from the play, which sum is not to be less than \$1250. Advertising is still being carried on. Tickets are being sold by the students and at the box office of the Hawaii.

This morning the caste is having its final dress rehearsal. Tomorrow they intend to go over the play at the University, but this will merely be to make sure of their lines. Friday and Saturday the caste will not do anything with the play before the actual performance in the evening.

The first bachelor of arts degrees were granted by the University in 1922 to Lum Dip, Jen Fui Moo, and Charles T. T. Yap.

GLEE CLUB MUSIC PROMISED FOR UNIVERSITY PLAY

Selections by the University Glee club will form part of the program at the Hawaii theatre Friday and Saturday evenings.

Probably the songs will be rendered during the intermission. Owing to the fact that the scenery of "Mr. Pim Passes By" does not change in the three acts, the intermissions will be very short.

It is expected that the whole Glee club of some ten or twelve members will take part in the singing. As yet Mrs. D. L. Crawford, the director, does not know exactly what songs will be given.

The Glee club is holding its practices twice a week, and Mrs. Crawford says that there is always a full attendance.

Negotiations are under way for the Glee club to make a trip to Kauai at the end of the month. Last year the club went to some of the other islands, a trip which all the members found thoroughly enjoyable.

The members of the Glee club are: First Tenors—Sam Poepoe, Allister Forbes, Albert Ke Koa.

Second Tenors—Ernest Kai, Merlyn Forbes, Edward Hair, Henry Copp.

First Basses—John Davner, Carl Farden, Dwight Rugh.

Second Basses—Francis Bowers, Adrian Brash.

Pianist—William Hughes.

Director—Mrs. D. L. Crawford.

ROUGH NECK RIOT FINANCIAL SUCCESS NET PROFIT OF \$40

"The crowd that came to the Senior-Sophomore Rough Neck Riot Thursday evening is the largest that ever attended the University, except at rallies," say those who were present.

Richard Tong '23, Chairman of the Senior-Sophomore committee, and the one in charge of the whole evening, states that the entertainment was a financial success. According to Tong about 200 persons, including a number of outsiders, came to the riot. All bills are not yet in yet, but expenses are estimated at roughly \$50 and gross profits at \$90. The proceeds will be divided evenly between the Senior and Sophomore classes.

An opening program given in the assembly room consisted of an exhibition of slow motion dancing by Dora Broadbent '23 and May Gay '23, the cowboy's interpretation of the Hawaiian hula by Dyfrig Forbes '25, several short scenes from "Mr. Pim Passes By" and swinging Indian clubs by Dwight Rugh.

Shortly after this, the killing of Dan McGrew was staged in the hall. Miss Broadbent read the story, and then it was enacted. Forbes took the part of Dan McGrew, William Hughes '26 took the part of the stranger, Walter Short '26 that of the woman named Lu. Albert Duvel, Theodore Hair and Ernest Kai, all freshmen, played the role of cowboys.

Dancing began in the assembly room as soon as the chairs could be cleared away. Three prizes were given to the lucky numbers; first, a home-made radio set to Clifford McGrew '25; second, a home-made cake to Hugh Howell, a Punahou student; and third, a box of candy to Theodore Searle, better known as "Pump." "The dancing just paid for itself with a dollar and ten cents profit," Tong says. The music was furnished by Harvey's orchestra.

May Gay conducted a cafe in the main hall. Drinks, sandwiches, baseballs and so forth were sold. It is said that the cafe yielded a good return. In addition, candy was sold.

Nearly a hundred persons ventured into the "dungeon" downstairs. Balloons were filled with water and suspended from the ceiling. These cold bodies constantly were striking the faces of those who entered the dungeon. Charged electric wires added to the excitement.

A popularity contest was one of the novel features of the Rough Neck Riot. Three prizes were awarded to Anita Carvalho '26, Berta Humes of Punahou, and Dora Broadbent '23.

The prizes were a home made radio set, home made cake, and box of candy. Miss Carvalho, though a student of the University, was nominated to represent McKinley high school. Miss Humes represented Punahou and Miss Broadbent the University.

William Wilson '23, who conducted the popularity contest, states that he counted 700 votes for Miss Carvalho, and estimates that she had 200 more which he did not count.

Miss Humes received 560 votes and Miss Broadbent 146. Wilson says that Miss Humes was in the lead for a long time, but that at the last minute William Wise '26 deposited a whole hatful of votes for Miss Carvalho which clearly made her the winner.

The act creating the University of Hawaii was passed April 30, 1919.

JAPANESE PROGRAM PLANNED BY LITERARY SOCIETY

A Japanese program is to be presented at the regular meeting of the Literary society Friday. Yasuo Goto '24 and Ruth Mashimo '24 are planning, respectively, to give a brief discussion of Japanese literature and the English version of a Japanese story. The purpose in giving such a program is to draw the Oriental members into the activities of the society. It is felt that at the present time the society is very representative, and it is the wish of those in it to make it attractive for all its members. Also it is hoped to have the members do as much as possible in getting up their own programs. The Literary society had hoped to have Padraic Colum give a talk. Mr. Colum has been on the other islands for some weeks so that he could not

The Open Forum

To the Editor, Ka Leo: Over a month has elapsed since the close of the Tennis Drive for funds. In order that progress of the matter be not lost sight of a statement is necessary. The making of a contract was not done immediately for the following reasons: The judging of the proper man or company to undertake building the courts in the best possible manner and at the same time doing an economical job, could not be done in a short time; a contract can not very well be made without cash on hand; lastly, the rainy season must be taken into account.

A man has been chosen to do the construction on the courts for a cost of approximately \$1,250, the materials to be bought by the University at a cost of approximately \$1,600. The man chosen is Ogawa, who has constructed many of the best courts in and around Honolulu, including the Beretania Tennis Courts. The price of materials approximate \$1,600. This shows that \$350 was still necessary to build the courts as first planned, it taking \$2,50 altogether at the lowest figure. Fortunately Castle & Cooke came forward with \$150, Mr. Bishop of C. Brewer & Co. gave \$100, and the American Factors finished the quota with a check of \$100. The money paid in cash up to this time amounts to \$905 cash, which is a very creditable showing. I sincerely hope that a goal of 100% payment on pledges will be reached among the students and I feel confident that will be reached. The payment rests on each individual student. Thanking you for space, Sincerely, W. S. WILSON.

To the Editor: Permit me through your columns to file my humble protest. I have noticed that in cleaning the weeds from the campus the work is being started near Gartley Hall. Behind the women's dormitory the weeds have reached a height of three and four feet and are absolutely impenetrable. If they are not removed soon there will be a jungle of kiawe trees, and it will take more than a handsome Prince Charming to hew his way in and rescue the fair co-eds imprisoned within the thicket of thorns. I would like respectfully to suggest to the "powers that be" that work on this area be hastened as much as possible so that it will enable the residents to walk through their own back yard. Respectfully yours, A PROTESTER.

PUBLISH CLASS EDITIONS OF "KA LEO"

The Sophomore and Freshman classes have accepted the invitation issued by Ka Leo to each of the four classes to put out an edition of the paper as a class undertaking. April 18 and 25 are the dates on which the class editions will appear. The Freshmen will put out the first edition. The Senior class unanimously rejected the proposed plan. Lack of time was said to be the cause of the refusal. The Juniors followed the lead of the Seniors and decided to abandon the idea of putting out a Junior edition. Letters for Three Points Proposed

Should letters be awarded to track men winning as low as three points, was the question that occasioned the most heated debate in the Executive committee's meeting Monday. Figures submitted to the Executive committee by Coach Otto Klum showed that according to the present ruling only four men would receive their letters. The present ruling is that a man must win six points in order to receive his letter. Those who have six points or more in the recent track meet are: Tin Luke, 11½ points; Colby Tarleton, 6½ points; Ralph Ault, 6½ points; and John Morse, 6 points. Those who have at least three but less than six are: Richard Penhallow, 5½ points; James Cruickshank, 5; Carl Farden, 5; James Landers, 3; Simpson McNicoll, 3; Henry Thompson, 3; Ronald McLennan, 3. It is expected that this year letters will be awarded to all those who won

three points or more. The question of letter awards for track men is scheduled for discussion in Friday's A. S. U. H. meeting. Members of the Executive committee believe that at that time an amendment to the constitution will be proposed, thereby definitely settling this matter.

GIRLS SELLING TICKETS TO BUY NEW BALL

Miss Mossman is determined that every man in the institution should buy a season ticket for the series of basketball games which the women are to play. The proceeds will be used to buy a basketball for the women. The initial game will be played at the Armory Saturday afternoon. Two games are being played the same day, one between the University and McKinley and the other between the Normal School and the Liberty House. Tickets are selling at 50c. The ticket admits one to ten games, which is an average of five cents for each game. Two games will be played every Saturday afternoon for five weeks.

Proposed Amendments to the Constitution of the A. S. U. H.

Proposed amendments to the A. S. U. H. Constitution:

Article IV.—Officers. Section 2-E. The Treasurer shall be responsible for the collection of all dues, levies, and other revenues, not including subscriptions for the publications or gate receipts at games; he shall pay all bills which have been approved, as provided in the bylaws; he shall keep an exact record of all receipts and expenditures, and render a true and full account thereof at the last regular meeting of the school year. He shall report to the A. S. U. H. on any point for which he is responsible, after receiving from the President three days' notice that such report will be called for. At the end of his term of office he shall deliver to his successor all funds belonging to the A. S. U. H. and all records and accounts pertaining to his office.

Article IV—Accounting. Section 1. Custody of Funds.

All moneys received by the A. S. U. H. or surplus moneys received by the allied student organizations shall be deposited with the Treasurer of the A. S. U. H., who shall in turn deposit them in the bank.

Section 2. Disbursement of Funds. All disbursements of A. S. U. H. funds shall be made by the Treasurer or other duly authorized persons prescribed in Sec. 6, Article IV of By-Laws.

Section 5. Bills. Bills shall be rendered to the Treasurer or to the appropriate manager, who after assuring himself that they are in order, shall pay them by check. Receipted bills, or unreceipted bills with cancelled checks attached, shall be kept in suitable files.

Section 6. Books of Record. Each manager or other person authorized to receive moneys or to pay out moneys shall keep a cash book showing receipts and expenditures, and shall deposit all surplus moneys with the Treasurer. On receiving such deposits the Treasurer shall receipt for them in the manager's cash book.

Section 7. Auditing. The fiscal year shall run from Commencement to Commencement. Near the close of the fiscal year the President shall appoint a committee consisting of three members of the A. S. U. H. to audit the books of the Treasurer. At the termination of the work of any manager, or other person authorized to receive or expend moneys, his cash book shall be surrendered to the Treasurer and audited by a similar committee, any irregularities being reported to the Executive committee.

Article V. Managers. (A.) There shall be an Athletic Manager, who shall be responsible for the collection of all gate receipts pertaining to athletics and shall pay all bills as provided in Sec. 6, Article IV of the A. S. U. H. By-Laws. In the selection of Athletic Manager preference shall be given to graduate students at the University of Hawaii.

The Athletic Manager shall receive two hundred and twenty-five dollars (\$225) for the academic year (twenty-five dollars) a month for his services. At the termination of his work in any one sport the Athletic Manager shall present a complete financial report to the Executive Committee, who

Curing Bashful Boys New Course Offered by Laura M. Pratt

By FUZZY-WUZZY

Girls! If any of you would like to know how to cure boys of bashfulness, Laura Pratt, leading lady of "Mr. Pim Passes By," can give you some valuable hints.

Her stage husband, Wendell Brown, has been suffering from a severe case of what is known in psycho-analytical circles as bashfulness complex, and as a result it has caused him to forget several very affectionate passages in his lines. What to do to help the poor boy's memory, was a topic for serious discussion at every rehearsal up to that of one Thursday night. Exasperated at last, Laura pronounced a dire threat.

"If you forget to ask me for that kiss next time, I'll give it to you without your asking."

The next Friday's rehearsal came around at last. Wendell had worked furiously to memorize that fatal part. Tremblingly he said the first lines without assistance from the prompter.

Gaining confidence at last he was lulled into forgetfulness of his danger. Until—"Give us a kiss, old girl," the prompter interrupted, "that's your line."

"Smack!" moistly, juicily, it landed on Wendell's cheek.

The red blushes chased the kiss around his cheek. The crowd laughed heartlessly. But Saturday's rehearsal proved that the cure was effective.

The constitution of the Student Honor society has been approved by Dr. Dean, president of the University of Hawaii.

The purpose of this society is to give recognition to those students who most nearly measure up to the ideal standard set by the University. It does not intend to take part in any student activities.

Four reels of moving pictures issued by the Department of the Interior will be shown in Hawaii hall on Thursday evening, April 5, at 7:45. These films deal with the Utilization of Water and the Activities of the Water Resources Branch of the U. S. Geological Survey. All interested students are invited.

John W. Gilmore was the first president of the College of Hawaii. He is now a professor at the University of California.

shall direct the Treasurer to audit it as provided in Article IV, Section 7 of these By-Laws. The Athletic Manager shall make deposit with the Treasurer as provided in Article IV, Section 6 of these By-Laws.

(B.) The Business Manager of Ka Palapala Hawaii and the Business Manager of Ka Leo o Hawaii shall be authorized to receive and pay out moneys as required in conduction of these publications.

(C.) Other Managers may be given authority to receive and pay out moneys by two-thirds vote at the A. S. U. H. at any regular or special meeting.

(D.) Managers shall report to the A. S. U. H. on any financial point after receiving from the President three days' notice that such a report will be called for.

THERE ARE innumerable ways in which personal injury may be caused by the use of an automobile, and while, as frequently happens, it may be due to the carelessness of the injured person, claims for damages are almost certain to be made, and unless disposed of, an expensive law suit may follow.

Shift this responsibility to a reliable Insurance Company by purchasing a Policy, and when the accident occurs you have simply to report it at once and be relieved of annoyance and expense.

The policy does not expire upon the limits being reached, but continues its warranty to pay within such limits upon every accident that may take place while the policy is in force.

That Inner Ring

All too often on this campus one hears some bitter remark about the "inner ring" or "clique" or "chosen few". Probably every organization on the campus has been maligned by such charges.

The members of that inner ring are the few who are willing to work, who have enthusiasm, and who have imagination enough to see a result before it is achieved. Anyone possessing these qualifications is eligible for membership in that inner ring.

Sheer laziness and dense stupidity are the only excuses for talking about the selected minority. No one who has striven to do something worth while for the University has been refused admittance to the company of the chosen few. Who is eager to aid in the development of student activities but is not being given a chance? Why do not the people who talk about cliques, ask themselves what they can do to improve our Alma Mater, and then set about doing it?

Those who wish to participate in student activities have abundant opportunities to do so. Right now they can sell tickets for "Mr. Pim Passes By". A few weeks ago they could have solicited subscriptions for Ka Palapala. They are always welcome at University functions. Discussion in the A. S. U. H. meetings is always open to them. Organizations like the Glee club and Dramatic club are glad to have their ability. Ka Leo will always welcome contributions.

The only reason that a student could not enter the inner ring is because he is too lazy, or too stupid, or too indifferent to bother himself. Such individuals have no right to say anything about cliques.

Unfair

Unfair it was for one student to go to the Hawaii theatre Friday and exchange 336 tickets. Other persons went early, hoping to get a good seat. Not only did they have to wait for him to exchange his, but they were unable to have the seats they wanted.

In the future it might be well to limit the number of tickets any one can exchange. Except under special conditions, 10 would be a good limit.

Also it has been said that the members of the caste and the production committee should have the first chance to get seats for their families. One member of the caste could not find a seat nearer the front row than S. If the caste and production committee are to have first choice, we believe this privilege should be restricted to the members of one's family.

Rumor has it that several individuals have combined to win the prizes offered by the Dramatic club. Such combination is manifestly unfair and should not be considered in awarding the prizes.

Student Conference

What phase of campus life has interested you? What policy do you think is wrong? What do you believe is the biggest improvement that can be brought about in the University?

The annual student conference is intended primarily for the consideration of these questions. In addition, those who attend the conference on the thirteenth, fourteenth and fifteenth of this month, will have a delightful camping trip. Such an outing makes a pleasant break in the routine of academic life, and enables one to view one's Alma Mater from an entirely detached standpoint.

Activities and policies are influenced much by these conferences. Every man in college will enjoy himself and his presence will be helpful. Conclusion: Sign up now.

This is a student conference in the broadest sense of the word. It is being conducted by the Y. M. C. A. because there seems to be no other organization to sponsor it.

Dismissing Classes Promptly

Discontent felt by both students and members of the faculty when classes are not dismissed promptly, is important enough to merit comment here.

Failure to dismiss classes promptly infringes upon the time and interferes with the work of professors conducting classes during the next hour.

Prevalent opinion seems to be that the University might adopt a rule such as this: When the first bell rings, the students may rise, and the instructor will be expected to dismiss them promptly. Then, students cannot be excused for being late to class because they were not released punctually by the preceding instructor.
